

# ASSEMBLY INSTRUCTIONS

## NET INSTALLATION (no tools required)

- \* Feed the swaged end of the cable through the non winder post cap and onto the internal post hook.
- \* Feed the non swaged cable end through the winder post cap and into the hole in the drum gear ( no need to cut excess cable off ).
- \* Tension the cable by hand pulling so there is minimum cable to wind around the drum.
- \* Turn the handle to take up the cable tension. The drum will only need a few revolutions to tension the cable.
